Hospital focus group

Would you like to join our hospital focus group?

The group is for people with a learning disability, their families or carer?

The aim of the Focus Group will be to take part in discussions and to meet other people.

We will talk about one thing at each meeting to see what people's views are.

For the first meeting we would like to talk about visiting times in the hospital?

We will share any easy read leaflets that have been done for the hospital.

We would like meet for two hours every three months at **Leicester General Hospital, LE5 4PW.**

If you would like to join our group please phone the Equality office and ask for Katrina or Deb **0116 2584382**

Or email Katrina and Deb on:
