Print full name : Kylie Jarvis

Comments : Be careful with
questions and support
also choice and
Informed choices

On behalf of members who are family carers :

Signed : P. L. M.

Print full name PHILIP JAMES LINGOOD

Comments :

The Partnership Board were keen to share the following feedback.

1. It is very hard for us to see what is getting better and what is getting worse when the questions change every year. Please keep the questions the same for the next couple of years so we can use the Annual Report as much as possible to help us decide what to do.
2. It is very hard for people with learning disabilities, their families and carers to be properly involved in writing the report when we do not have enough time. Please give us longer next time.
3. It is very hard for people with learning disabilities, their families and carers to be properly involved in writing the report when the questions are written using complicated words. Please use easier words to write the questions.
