

Listening to parents – stories and experiences.

Can you help us to improve the experience of parents who have a child/young adult with a learning disability?

Would you like to come and share your stories with us so that we can start to understand some of the challenges and successes that you have experienced/continue to experience?

We are interested in working with parents to understand some of highlights and challenges that have been experienced in supporting a child or young adult with a learning disability. We want to know the impact this experience has had on you and your life. We know lots about the experiences of individuals with a learning disability but the stories of parents are missing and not being heard. This means that parents can feel misunderstood with no service and support to address their needs.

What we would like you to do

Come along to a focus group to share your story with other parents at the University of Nottingham. The event will take place as follows:

Date: Friday 9th March

Times: either 2pm to 4pm or 6pm to 8pm.

Venue: The University of Nottingham, Jubilee Campus, Institute of Mental Health, Triumph Road, Nottingham. NG7 2TU

Light refreshments will be available at both times

What can you expect?

- A warm welcome and a listening ear.
- Re-imburement of time, travel and expenses.
- Disabled parking and excellent access to the venue.
- Activity room for anyone you need to bring with you.

What will happen after the event?

Your views will help us to provide new thinking to help others to improve and development parental supports.
