Dear Sir/Madam, ~~Dear~~

We are Loubob's Legacy. We are an umbrella group for Brain Tumour Research, Charity Number 1153487. We are a local Leicester Charity.

We set up this fundraising group in memory of our 13 year old son Louis Kenney, who sadly passed away January 2014 from a terminal brain tumour, this in Louis's case was a secondary cancer.

Brain tumours are the number one cancer killer of children. Yet brain tumour research is desperately underfunded; receiving just 1% of cancer research funding. Without appropriate funding, we can't trial new medicines and potential cures for this deadly disease.

Our goal as Loubob's Legacy is raise to £1Million to fund a research centre in Louis's name. Scientists at our centre would be analysing brain tumours to understand their behaviour and researching potential new treatments, with the aim of taking them to clinical trial. We need to raise as much awareness and funding as possible.

We are asking for your help. If you could help us, or sponsor us with any aspect of our charity. Whether it's help with raffle prize donations, sponsoring and helping with costs of our annual fun days. Or, even choosing us as your annual in-house charity, to raise funds for and support. We would be eternally grateful. Your donation has the potential to change a life.

To date, since starting the charity June 2014, we have raised over £40,000! This alone from sponsored and fun day events.

We, as a charity, firmly believe in giving the public something new, vibrant and different.

Alongside the fun, we have the serious stuff. We also offer cancer support and help to any diagnosed patient of any cancer. If we can make a difference through information, we've saved a thousand lives already.

Please check out our facebook page www.facebook.com/louboblegacy to read our full story and to keep updated with our targets and fundraising. And our funny stories of our amazing boy.

Let's change lives together.

Warmest Regards

Ayise Penn Founder
